

EUROPEAN TRAUMA COURSE (ETC)

3rd – 5th November 2006

This is a new course organised by the EUROPEAN RESUSCITATION COUNCIL and is envisaged to become the standard trauma course in Europe. The visiting faculty boasts a number of internationally renowned authorities in resuscitation and trauma.

The ETC is a 2½ day simulator based course for doctors. It is suitable for Surgeons, Anaesthetists and Emergency Physicians expected to actively participate in a trauma team.

This course is partly funded by the EUROPEAN UNION and is possible through the ESF Project 8 awarded to ST. LUKE'S HOSPITAL. Places will be strictly limited and the organising committee reserves the right to accept/refute any application. The deadline for the submitting of applications is **MIDDAY, SATURDAY 30TH SEPTEMBER 2006.**

EUROPEAN TRAUMA COURSE (ETC)

3rd – 5th November 2006

Dear Candidate,

Since the EUROPEAN TRAUMA COURSE is only partly funded by the European Social Fund, it is essential that certain expenses involved have to be borne by all participants. Consequently a fee of LM 150 is being collected from each candidate to offset these expenses. This fee covers all course material, coffee/lunch breaks for the 2½ day course duration and certificates. Cheques are to be made payable to the ASSOCIATION OF SURGEONS OF MALTA.

The organising committee.
